

## Microguard 402

Hand and Skin Wash with 2% w/w Chlorhexidine gluconate - 500 mL Pump, 750 mL Nexa

ARTG 220663

## Features

- Microguard 402 is an antiseptic skin wash for disinfection of hands for use by clinical staff and nurses. It is also suitable for washing and showering patients in healthcare facilities.
- Cleansing with Microguard 402 delivers a broad spectrum (gram positive and gram negative) bactericidal activity and complies with EN1499, chemical disinfectants and antiseptics – hygienic hand wash which is registered in the ARTG for use as an antiseptic hand and skin wash.
- Microguard 402 contains moisturisers and emollients to enhance skin compatibility.
- Microguard 402 is highly economical delivering a controlled 1.7 mL per application with 3 pushes delivering 5 mls.
- Hermetically sealed 750 mL pods of product are easily replaced and housed within the Nextgen dispensers which are available with elbow or automatic touch free dispensing.
- Microguard 402 is also compatible with the full Ecolab suite of products.
